Dear Parents/Guardians,

We are in the middle of an exciting Social Studies and Writing unit in sixth grade. Our students have been working hard on researching a country of their choice, writing a research paper and then working on a student chosen visual aid.

The students have engaged in some fantastic conversations about not only the country they are researching but also countries they and their families are from. We want to celebrate our students' hard work but also our students' diverse backgrounds with a Grade 6 Culture Night. We would love your help in doing this!

Many students have complimented family members on being amazing cooks of different ethnic cuisines, so we are calling on all of you amazing chefs to help us try food from around the world! If you are interested in donating a dish or two to our Cultural Night on May 10, 2017 it would be greatly appreciated. Please keep in mind due to allergies we request no nut products be used in the recipes. Also send in a copy of the recipe for us to leave out that night for families to take to cook at home as well as to check ingredients for other allergies.

Thank you for your support,

Mrs. Daubenspeck and Mrs. Tkoch
