

Chapel Street Elementary School ST Math Challenge

Hello Chapel Cheetahs!

Are you ready for a super fun math challenge? Beginning **Monday, February 1** we will begin tracking the total number of puzzles solved by ALL of Chapel's students - grades K-6 - in ST Math. These puzzle pieces will be added together and used to fill in the thermometer in the hallway outside of the main office.

As you work to solve problems in ST Math and collect more and more puzzle pieces the thermometer will begin to fill up and the **WHOLE SCHOOL** will win awards along the way. What are the awards you can earn while sharpening your problem solving skills?

- Level 1 - Pajama Day (Wear your favorite comfy & cozy pajamas to school or your Google Meets)
- Level 2 - No Homework Pass (We will dedicate 1-day for NO HOMEWORK)
- Level 3 - Sports Day (Wear your favorite team jersey to school or your Google Meets)
- Level 4 - Google Meets with Friends
- Level 5 - Hat Day (Wear your favorite or silly hat to school or your Google Meets)
- Level 6 - Crazy Hair Day
- Level 7 - Beach Time Outside (Bring a beach towel & your favorite sunglasses)
- Level 8 - Lunch Outside in the Learning Garden
- Level 9 - Extra Recess with Dr. Armistead or Mr. Cicero
- Grand Prize - Field Day

The more time you spend working in ST Math - the more puzzle pieces you will earn, which will help our school reach each of its goals along the way. Mr. Cicero and Dr. Armistead will make weekly announcements to keep you focused and informed of your progress. Let's fill up that thermometer!

Have fun and keep working towards your goals Chapel Cheetahs!
