## **Community Relations Access to Information (Policy #1112.3)**

The Board of Education acknowledges the need for an informed citizenry and, at the time, recognizes the public's right to access information regarding the operations of the school system. The Board of Education, therefore, will make available statistics and other studies reported at public meetings and disseminated to the media. This will be accomplished through information-sharing meetings, through presentations at regular Board meetings, and at Board-Committee meetings, and through meetings of parent organizations.

Moreover, in complying with Section 1-210 of the Connecticut General Statutes, and continuing to fulfill its obligation and desire to keep the public informed, while at the same time attempting to eliminate excessive expenditures of staff time in the compilation, assembly, and distribution of information pertaining to public school operation, the Stratford Board of Education has adopted the following procedures to assist in determining access to information.

The Superintendent is responsible for developing regulations to implement this policy consistent with all applicable Federal and State Statutes and Regulations and in keeping with the Board's policy intent.
