### World Language

#### Spanish 2

Spanish 2 is a continuation of language learning from Spanish 1 focused on communicative language acquisition through listening, reading, speaking, and writing in the target language. Students will synthesize previously studied concepts to expand and reinforce real-world applications of language study as well as explore various cultural traditions. Throughout the course, students will engage in activities to study the community and members of the community, the geography and culture of the Spanish-speaking world, and the enhanced opportunities for travel language study provides. These skills are taught via scaffolding curriculum that capitalizes on sharpening previously studied concepts while introducing new skills to expand current language capacities.
