

**NOTIFICATION OF PESTICIDE USE**

**STRATFORD PUBLIC SCHOOLS**

**TO: Parents and Staff**

**FROM: Director of Facilities**

**DATE: September 2020**

The Stratford Board of Education has a policy which provides for annual notice to parents and staff.

For your information, the Stratford Public Schools use an Integrated Pest Management (IPM) System which relies on traps and baits instead of pesticides. The only time a pesticide might be used would be in an emergency situation, e.g. a bee's nest that needs to be removed.

If you wish to receive notice when an application of pesticides is going to be made (usually in an emergency situation) please complete the tear-off and return it to your child's school. We will then notify you when a pesticide is going to be applied.

If you have any questions regarding this matter, please feel free to contact Director of Facilities, 1000 East Broadway, Stratford, CT 06615 (203) 385-4216
